

Our products are manufactured in compliance with the highest standards, including (GMP) Good Manufacturing Practices and hold a (FSC) Free Sale Certificate. We ensure that all our products meet or exceed European manufacturing regulations, providing the highest quality and safety for our customers.

#### HIGHLY FORMULATED AND STABILIZED

Cosmetic Bond is not just a hair treatment; it is an advanced formula designed to repair, nourish, and beautify hair. Our product stands out for its superior quality and premium active ingredients such as hydrolyzed collagen, hydrolyzed keratin, argan oil, bamboo extract, green tea extract, and panthenol. These components ensure repaired and strong hair, enhancing its overall health, shine, and manageability.

#### UNMATCHED PERFORMANCE AND YIELD

Cosmetic Bond delivers visible results with each application thanks to its advanced formulation that maximizes the effectiveness of the active ingredients. With a size of 60 ml and an intelligent spray, it provides between 8 to 12 applications per bottle, offering a high-quality treatment that makes the most of every drop. Although the size may seem small, each bottle is designed to be extremely efficient, replacing traditional individual ampoules, which, although effective, are costly and less practical.

#### PROFESSIONAL DISPENSER AND WATERPROOF LABEL

The professional dispenser allows the precise amount of product to be applied, ensuring efficient use without waste, facilitating the work of stylists. Additionally, its waterproof label is ideal for use in the back bar or retail environment, guaranteeing durability and impeccable presentation.

#### BALANCED PH FOR OPTIMAL REPAIR

Cosmetic Bond has a balanced pH, which is essential for closing the hair cuticle after any chemical treatment, helping to retain color and shine, and protecting the hair from future damage.

#### ESSENTIAL FOR PRE AND POST-TREATMENT

Ideal for use before and after any chemical process, especially bleaching and coloring, to strengthen the hair and make the process less aggressive. Additionally, its exquisite aroma is highly appreciated, providing a sense of well-being and leaving the hair and scalp with a pleasant and lasting scent.

## INGREDIENTS AND THEIR BENEFITS

#### ISOPROPYL MYRISTATE

Provides softness and helps distribute the product evenly.

#### LAURYL EtOH

Helps condition and soften the hair.

#### LECITIN

Nourishes and strengthens the hair.

#### EtOH DENAT

Facilitates the absorption of active ingredients.

#### GLICERINA

A humectant that maintains hair hydration.

#### MYRISTIL ALCOHOL

An emollient that softens and conditions the hair.

#### ISOPENTYLDIOL

Improves hair texture and manageability.

#### PROPYLENE GLYCOL

Enhances the absorption of active ingredients, ensuring maximum effectiveness.

#### HYDROLIZED MORINGA OLEIFERA SEED EXTRACT

Protects hair from environmental damage and improves overall hair health.

#### SORBITOL

A humectant that attracts moisture, keeping the hair hydrated and soft.

#### HYDROLIZED WHEAT PROTEIN

Restores and strengthens hair structure.

#### HYDROGENATED WHEAT GERM OIL

Adds shine and softness to the hair.

#### CETRIMONIUM CHLORIDE

A conditioning agent that reduces frizz and improves hair manageability.

## KEY BENEFITS OF ULTIMATE REPAIR MASK

- IMMEDIATE SILKY EFFECT  
Provides an instant silky effect, leaving hair soft and manageable from the first application.
- APPRECIATED FRAGRANCE  
Its exquisite fragrance provides a sense of well-being and leaves the hair and scalp with a pleasant and lasting scent.
- SUPERIOR INGREDIENTS  
Enriched with hydrolyzed collagen, hydrolyzed keratin, and nourishing oils, our formula not only repairs but also nourishes and strengthens the hair.
- HIGH YIELD FORMULA  
The treatment provides more applications per bottle, offering more value compared to the competition.
- PROFESSIONAL QUALITY  
Designed for professional use, ensuring exceptional results with ease.
- ESSENTIAL PRE AND POST-TREATMENT  
Ideal for use before and after any chemical process, especially bleaching and coloring, to strengthen the hair and make the process less aggressive.
- COLOR RETENTION  
Helps improve color retention, ensuring long-lasting color and better results for clients.
- OPTIMIZING THE BACK BAR  
Immediate results that facilitate retail sales, increasing salon revenue and providing clients with the best treatments.

## WHY CHOOSE ULTIMATE REPAIR MASK?

### COMPARED TO MARKET LEADERS

- MORE PRODUCT  
Provides between 8 to 12 applications per bottle.
- BETTER VALUE  
Lower price per unit, offering significant savings without compromising quality.
- SUPERIOR RESULTS  
Carefully selected ingredients and advanced formulation techniques ensure the best possible results for stylists and clients.
- EASY TO USE  
Designed for efficiency and speed, allowing stylists to work quickly without sacrificing quality.
- CLIENT SATISFACTION  
Long-lasting, vibrant results ensure client satisfaction and loyalty.
- FACILITATES RETAIL SALES  
Visible results that make it easy to recommend and sell the product for home care, thereby increasing salon sales.

## CONCLUSION

Cosmetic Bond is the clear choice for salons seeking to provide the highest quality hair treatment. Its superior formulation, high yield, ease of use, and cost-effectiveness make it stand out in the market. Choose Cosmetic Bond for hair that is vibrant, strong, and healthy, all while offering excellent value for money and ensuring client loyalty.
