

VEGAN POWDER

THE SUPERIOR 9-TONE LIGHTENING SOLUTION WITH TONER EFFECT

ADVANTAGE / SELLING POINT/WHY

Our products are manufactured in compliance with the highest standards, including (GMP) Good Manufacturing Practices and hold a (FSC) Free Sale Certificate.

We ensure that all our products meet or exceed European manufacturing regulations, providing the highest quality and safety for our customers.

VEGAN FORMULA AND ECO-FRIENDLY

Vegan Powder is not just a bleaching powder; it is a scientifically advanced vegan formula designed to effectively lighten hair. Our product stands out for its green pigmentation, which prevents unwanted yellow and red tones. Additionally, its biodegradable packaging makes it an environmentally friendly choice.

UNMATCHED PERFORMANCE AND EFFICIENCY

Vegan Powder provides visible results with each application thanks to its advanced formulation that maximizes the effectiveness of active ingredients. With a mixing ratio of 1:2, it offers a creamy consistency that is easy to work with, ensuring precise application and optimal performance. Each container is designed to be highly efficient, providing a significant amount of product per application.

DUST-FREE FORMULA

One of the standout features of our Vegan Powder is its dust-free formulation. This is crucial for the health and safety of stylists, as it minimizes the inhalation of fine particles during the application process, making it a safer choice for professional use.

GUARD COMPLEX FORMULATED AND ANTI-STAIN ACTION

The advanced formula of Vegan Powder includes the exclusive Guard Complex, which protects the hair during the lightening process, and an anti-stain action that helps prevent unwanted discoloration on the scalp and stylist's hands.

CREAMY CONSISTENCY FOR PRECISE APPLICATION

The 1:2 mixing ratio results in a creamy texture that is ideal for precision work. This consistency allows for easy application and even distribution, ensuring that the lightening process is controlled and effective, minimizing damage and maximizing results.

INGREDIENTS AND THEIR BENEFITS

SODIUM SILICATE Buffering agent that maintains the stability of the formula.	CYAMOPSIS TETRAGONOLOBA (GUAR) GUM Conditioning agent that improves combability and reduces static.
AMMONIUM PERSULFATE & POTASSIUM PERSULFATE Powerful oxidizing agents that effectively lighten hair color.	MAGNESIUM OXIDE Buffering agent that contributes to the stability of the formula.
SODIUM METASILICATE An alkalizing agent that enhances the bleaching process and helps maintain product stability.	CYCLODEXTRIN Chelating agent that enhances the effectiveness of active ingredients.
SODIUM STEARATE Surfactant and binder that improves the texture of the product.	MAGNESIUM STEARATE Anti-caking agent that maintains the quality of the product.
PARAFFINUM LIQUIDUM (MINERAL OIL): Emollient that provides softness to the hair.	XANTHAN GUM Provides thickness and stability to the formula, ensuring even application.
SODIUM LAURYL SULFATE Surfactant that aids in cleaning the hair.	DISODIUM EDTA Chelating agent that enhances the effectiveness of active ingredients.
TETRABROMOPHENOL BLUE, ACID RED 92 Pigments that help neutralize unwanted undertones.	MAGNESIUM CARBONATE Binding agent that improves the texture of the product.
ARGAN OIL AND MACADAMIA OIL These oils provide deep hydration and nutrition to the hair, enhancing its softness and shine.	

KEY BENEFITS OF VEGAN POWDER

- 🌱 VEGAN FORMULA
Free of animal-derived ingredients,environmentally friendly.
- 🌿 GREEN PIGMENTATION
Prevents unwanted yellow and red tones.
- 🥛 CREAMY CONSISTENCY
The 1:2 mix ratio creates a creamy texture that is easy to apply and ensures even distribution.
- 🧴 HIGH YIELD FORMULA
Each container provides a significant amount of product, making it cost-effective and efficient
- 🌬️ DUST-FREE
